

## My Placemat Mi mantel individual

Children can design their own placemats to practice new Spanish words.

**Directions:**

1. Cut out the table setting items and labels (see separate sheet).
2. Assist your child in gluing the items and labels to a piece of 12"x18" construction paper. Ensure that your child places the labels near the corresponding items.
3. Encourage your child to personalize his/her placemat.
4. [optional] Cover the front and back of the placemat with clear contact paper (available in hardware or home supply stores) or packing tape to prevent water damage.

- el cuchillo
- el tenedor
- la cuchara
- el vaso
- el plato
- la servilleta
